About us

Welcome to **Uropa Life Sciences Pvt. Ltd.** Pioneering Healthcare Excellence through Innovation. **Uropa Life Sciences Pvt. Ltd.** stands at the forefront of the pharmaceutical industry, embodying a commitment to healthcare excellence and innovation.

The company's core values revolve around a culture of unwavering quality, cutting-edge technology, and adherence to international standards. With a dedicated focus on improving lives, **Uropa Life Sciences** is poised to make a significant impact on global health, bringing forth pharmaceutical solutions that set new benchmarks in quality and efficacy.

Our Story

Uropa Life Sciences Pvt. Ltd. is a dynamic and emerging player in the pharmaceutical industry. The company embarked on its journey with a clear vision to contribute significantly to global health. From its inception, **Uropa Life Sciences** has been committed to making a meaningful impact on healthcare worldwide.

The company takes pride in being a beacon of innovation and integrity, reflecting its dedication to advancing pharmaceutical solutions with a focus on quality and positive global health outcomes.

Core Values

Innovation

Pioneering breakthroughs to address unmet medical needs.

Integrity

Upholding the highest ethical standards in all our operations.

Quality

Committed to delivering pharmaceutical products of uncompromised quality.

Mission

The organization aims to respect human life worldwide through collaboration with diverse communities, leveraging innovative solutions, and maintaining an ethical patient-centered approach. A dedication to ensure affordable, high-quality healthcare products which are accessible to diverse population in need - globally.

Vision

To be the healing hands as a provider of affordable, innovative and high-quality healthcare solutions with accessibility to everyone in need.

Collaborations

Uropa Life Sciences Pvt. Ltd. demonstrates a commitment to innovation and advancement in the pharmaceutical industry through active collaborations with industry leaders. The company's dedicated team is focused on pushing boundaries to discover novel therapies and enhance existing ones. By fostering partnerships with key players in the pharmaceutical sector, Uropa Lifesciences aims to harness collective expertise, accelerate innovation, and contribute to the improvement of healthcare solutions.

Global Presence

Uropa Life Sciences Pvt. Ltd. is strategically aiming to establish a significant presence in the RoW markets of Africa Continent, CIS, Middle East, South East Asia and Latin American. The company's dedication to global impact is evident through its international collaborations and partnerships. By actively engaging with diverse partners on a global scale, Uropa aims not only to contribute to the pharmaceutical and healthcare sectors but also to make a positive difference in communities worldwide.

Corporate Social Responsibility (CSR)

Beyond business, Uropa Life Sciences Pvt. Ltd is deeply committed to social responsibility. Our CSR initiatives focus on community health, education, and environmental sustainability.

Our Objectives

Sustainability: Align with sustainability agendas to build a resilient healthcare industry that addresses environmental and societal challenges.

Patient-Centric Focus: Prioritize patient well-being by ensuring access to high-quality and affordable healthcare products.

Quality Health Products as a Central Goal: Recognizing that the provision of quality health products is central to delivering high-quality universal health coverage globally.

Economic Growth: Boost the global economy by creating jobs, and supporting economic development.

Leadership Team

Our leadership team brings a wealth of experience and expertise to drive our mission forward. The Directors and consultants onboard carry more than 20+ years of experience in medicines and sales in the Global Market.

Certificates/ Licenses/ Accreditations

Our product range is meticulously crafted to meet the highest standards of quality and compliance. Approved by the State licensing authority, our products adhere to international standards, ensuring they meet the stringent requirements set by ISO standards. This commitment underscores our dedication to delivering products of the utmost quality and regulatory adherence.

MDSAP Certification: Ensures compliance with regulatory requirements for medical devices across multiple countries. This streamlines the audit process, saving time and resources.

CE Certification: Essential for products sold within the European Economic Area, indicating conformity with health, safety, and environmental protection standards.

ICMED Certification: A quality management system certification specific to the medical device industry, demonstrating adherence to global standards.

RoHS Compliant : Adherence to the Restriction of Hazardous Substances Directive, ensuring products are free from certain hazardous materials.

GMP Complaint : Compliance with Good Manufacturing Practices ensures the production of safe and high-quality medical devices.

FDA Complaint : Indicates adherence to regulations set by the U.S. Food and Drug Administration for the safety and effectiveness of medical devices.

CE Complaint : Demonstrates conformity with the European Conformity mark, essential for market access within the European Economic Area.

ISO 13485:2016 : A quality management system standard tailored for organizations involved in the design, production, and servicing of medical devices.

ISO 45001:2018 Occupational Health and Safety Management System: Demonstrates commitment to providing a safe and healthy workplace environment.

Medical Care Products

Medical Care Products

Instruments

Oxygen Mask

- Nasal clip for secure fixation over the patient's nose.
- Elastic band for placement around the head.
- Transparent tubing to connect the mask to the oxygen source.

Pulse Oximeter

- A pulse oximeter is a medical device that indirectly measures the amount of oxygen
- Measuring range for SPO2: 70-100%;
- SpO2 measurement accuracy: 91%--100%, $\pm 1\%$; 70%--89%, $\pm 2\%$; $\leq 70\%$, unspecified

Digital BP Monitor

- Fully Automatic Upper Arm BP Monitor
- Battery Operated | Pulse Rate Indicator, Memory Function
- **Measuring accuracy :**
- **Pressure** : ± 3 mmHg, **Pulse** : $\pm 5\%$ of Display Reading,
- **Measuring Range** : Pressure - 0-299mmHg

Mercurial Sphygmomanometer

- Permanent Graduation marks on the Glass Tube
- Quality Cuff for Excellent Grip

Aneroid Sphygmomanometer

- Length tube between: 50 to 70 cm
- Gauge graduated 0 - 300 mmHg
- Accuracy as per ISO 81060-1: \pm
- Mercury free / No Power required

Thermometer

Non-Contact Infrared Thermometer

- High Accuracy
- Backlit Display
- Audible Alert
- Dual Degree Measurement
- Measure body temperature as well as surface temperature
- Range 0-100°

Digital Thermometer

- Dual Degree - C and F
- Beep Sound
- Replaceable Battery
- Protective Case
- Professional Accuracy

Nebulizer

A : Optima Cure Nebulizer

Compact Design Nebulizer, Silent Operation, High Flow rate, Nano Particle Size for Better Absorption, 25mm Copper Winding Motor, Full Accessory Kit, 2 Masks

B : Optima Ultra Nebulizer

Steamer

Inhaler & Vaporizer

Has 3 Different Accessories
Mouth Piece, Nose Piece, Facial.

Glucometer

- Measurement Time 5 seconds
- Measurement Range 20-600 mg/dL (1.1-33.3 mmol/L)
- Inbuilt Memory Function

Stethoscope

- Head diameter: 46 mm;
- Tube: PVC;
- Head: Stainless steel.

Urine Pot/Bed Pan with Lid

- Light Weight Portable/ Durable
- Can be easily Cleaned
- Available for both Male and Female
